PEMBROKESHIRE COUNTY SHOW TOP VASE COMPETITION RULES

1. The Pembrokeshire County Show class is for a vase of mixed flowering stems containing total of between five and 10 stems, taken from a minimum of two different kinds of plants. Please note that it is two different KINDS of plants; two varieties of the same plant are NOT two kinds.
2. The display will be judged out of a total of 35 points, split into: 25 points for the colour, form, condition, quality and freshness of the flowers on display, and 10 marks for the overall presentation and effect of the flowers in the vase. The vase will be viewed from all directions. Judging of the flowers should be to the normal rules used for other classes.
3. Stems used in the display must be showing flowers only; no seed heads or berries will be allowed.
4. The vase can be any shape or size and made from any material, but must be in proportion to the display. No marks are awarded for the vase itself.
5. No accessories whatsoever - such as bows and additional foliage - will be allowed. Foliage, which is growing naturally from the flowering stem, and still attached to that stem, is allowed. Packing material - including Floral Foam - to keep the stems in place is allowed.
6. Prize money for the Pembrokeshire County Show Top Vase class will be allocated as follows
 1st - £10.00; 2nd - £5.00; 3rd - £3.00

NOTES FOR EXHIBITORS AND JUDGES

- Flowering stems can be taken from ANY flowering plant.
- The different kinds of plants need to be taken from different genera. For instance, pinks, carnations and Sweet William - which are all dianthus - would not be classed as different kinds.
- Only fresh, home grown flowers can be used in the vase. No dried or silk flowers are allowed.
- A vase, by definition, is any vessel that can be used to hold cut flowers and which is taller than it is wide at its widest point.
- The Pembrokeshire County Show Top Vase class is open for anyone to enter and is not intended purely for growers who regularly display single species classes at shows.
- Judges should use their discretion when judging the Top Vase class, bearing in mind that the entries may come from inexperienced exhibitors.

- Judges should note that the display has to be viewed all round.
- The points awarded should be clearly marked by the Judges on the Exhibitors' Cards.
- Any queries that may arise, regarding anything other than the above rules, should be referred to, and decided by the Show Governors.
- Failure to abide by any of these rules will result in disqualification.

HEALTH & SAFETY ACT 1974

SAFETY POLICY STATEMENT

By its nature an Agricultural Show presents a potentially hazardous environment. All persons concerned in the presentation of the Show need to be vigilant and ensure that any perceived hazard is, if possible, dealt with immediately and reported to the Show Organiser in order that the necessary action can be taken.

Any incidents or near misses must be reported. In this manner it is aimed to provide a safe and healthy environment for all persons attending the Show in whatever capacity, whether as officials, contractors, exhibitors, traders, performers or members of the public.

This must be seen as an on-going commitment in which all are involved. In particular, Section Organisers and Chief Stewards must be satisfied that their Stewards have the training and experience to carry out any task allotted to them.

The Society Officer will be responsible for issuing copies of the Safety Policy Statement to all show stewards and officials. The Society Officer will ensure adequate provision of medical and first aid services through a nominated contract who will be responsible for maintaining accident records and where appropriate report to the Health & Safety Executive. Plans of the Showground will be held in the Show Office.

Potentially many hazards will arise from the activities of contractors. Only professional and appropriately qualified and/or experienced contractors shall be engaged for general showground work, electrical supply and maintenance, tentage, catering and course building. All contractors must undertake to have sufficient experienced staff on site to deal with emergencies on Show Days and to have sufficient insurance cover.

- (a) The Society Officer will advise all contractors that they must observe the Health and Safety at work standards appropriate to their trades, both in terms of equipment and in handling and storage.
- (b) The Society Officer will advise all individuals and organisations attending the show similarly and where any of their activities on the Showground give rise to potential hazards, e.g. demonstrations of machinery, they must provide any necessary barriers and or attendants to ensure public safety.
- (c) Any operator of fairground or similar equipment that needs safety certification must certify to the Society Officer that a valid certificate exists.
- (d) The Society Officer will advise all exhibitors of horses that only designated parking and exercise areas and walkways may be used.
- (e) The Society Officer will advise all exhibitors of cattle, sheep or pigs as appropriate that the designated unloading areas and pens must be used and that competent adult handlers must be present.
- (f) The Dog Section Chief Steward will advise all exhibitors that all dogs must be kept on leads unless secured away from the public or under direction of a Show Steward.

The Society Officer will plan the site layout paying particular attention to the designation of parking, unloading and penning arrangements for livestock to comply with current animal health legislation.

In addition to the medical service, the Police and veterinary surgeons will be on site during build up and on Show Days.

In the event of a major incident the Chief Executive must be informed without delay. The appropriate emergency service will be contacted, and the Show Emergency Plan initiated.
